3. **Tax Account**: This account is used to set aside funds for tax obligations. By allocating a portion of income to this account, businesses and individuals can avoid the stress of last-minute tax payments and ensure that they are always prepared for tax season.

4. **Operating Expenses Account**: This account is used to cover the day-to-day expenses of the business or individual. By allocating a portion of income to this account, the Profit First method ensures that necessary expenses are covered without compromising financial health.
