The 2024 Ford Maverick is generating a lot of buzz, and for good reason. This compact pickup truck offers a unique blend of efficiency, versatility, and affordability. If you're considering ordering one, you'll want to make sure you understand all the options and configurations available. This comprehensive guide will walk you through the process of ordering your 2024 Ford Maverick, from choosing the right trim level to selecting the perfect set of features.

Understanding the 2024 Ford Maverick Lineup

The 2024 Ford Maverick comes in three main trim levels: the base XL, the mid-range XLT, and the top-of-the-line Lariat. Each trim offers a different set of features and capabilities, allowing you to choose the one that best fits your needs and budget.

The XL trim is the most affordable option, starting at around \$20,000. It comes with a standard 2.5-liter four-cylinder engine that produces 162 horsepower and 165 lb-ft of torque. The XL trim includes basic features like an 8-inch touchscreen infotainment system, Apple CarPlay, and Android Auto.

The XLT trim starts at around \$24,000 and adds several premium features, including a larger 12-inch touchscreen, a power-adjustable driver's seat, and a rearview camera. It also comes with a more powerful 2.0-liter four-cylinder engine that produces 250 horsepower and 277 lb-ft of torque.

The Lariat trim is the most luxurious option, starting at around \$28,000. It includes all the features of the XLT trim, plus additional amenities like leather-trimmed seats, a premium B&O sound system, and a hands-free liftgate.

Choosing the Right Engine and Transmission

The 2024 Ford Maverick offers two engine options: a 2.5-liter four-cylinder and a 2.0-liter four-cylinder. The 2.5-liter engine is standard on the XL trim and is paired with a six-speed automatic transmission. The 2.0-liter engine is optional on the XL trim and standard on the XLT and Lariat trims.
