The History of Reading Clubs

Reading clubs have been around for centuries. The first recorded reading club was founded in England in the 17th century. Over time, reading clubs became more inclusive and diverse, with women and working-class individuals joining in the 19th and 20th centuries.

Today, reading clubs are more diverse and accessible than ever. They can be found in libraries, bookstores, community centers, and online. They can be focused on specific genres or topics, or they can be more general, with members reading a wide range of books.

The Future of Reading Clubs

Another trend is the increasing focus on diversity and inclusion in reading clubs. This means making sure that the books that are chosen for discussion are diverse and representative, and that the clubs themselves are welcoming and inclusive to all.

Finally, there's the trend towards more interactive and engaging reading club experiences. This could mean incorporating multimedia elements, like videos or podcasts, into discussions. Or it could mean hosting special events, like author visits or book swaps.
