Born in 1885, Georg Lukács was a significant figure in 20th-century philosophy and literary criticism. His work bridges aesthetics, Marxist theory, and social philosophy. Lukács is best known for his concept of 'critical realism,' which emphasizes the depiction of social reality in literature in a way that reveals underlying social structures and contradictions.

The Core of Lukács' Realism

Critical Realism Defined

Lukács argued that true realism in literature goes beyond mere surface-level representation. This approach contrasts with formalism or modernist experimentalism, which often focus on individual perception or fragmented narratives.

The Role of the Novel
