3. **Learn the Chord Progressions:** After mastering the riff, move on to the chord progressions. The song primarily uses Em, D, and G chords. Practice transitioning between these chords smoothly.
4. **Add the Solo:** The solo is a bit more challenging but adds a lot of depth to the song. Break it down into smaller sections and practice each part individually before combining them.
5. **Play Along with the Original:** Once you're comfortable with the tabs, play along with the original song. This will help you get a feel for the timing and dynamics.
