What Does It Mean to Be Busted by the Feds?

Being "busted" by the federal government means that federal law enforcement agencies have identified you as a suspect or person of interest in a criminal investigation. Unlike local or state police, federal agencies such as the FBI, DEA, ATF, or IRS have jurisdiction over specific types of crimes, often involving interstate or national implications.

The Initial Contact: What to Expect

When federal agents initiate contact, it can be intimidating. They might approach you at home, work, or even on the street. You have the right to remain silent and to request legal representation before answering any questions. This manual stresses the importance of not volunteering information impulsively.

Common Charges and Investigations

Federal investigations often involve white-collar crimes, drug offenses, organized crime, terrorism, immigration violations, and tax fraud, among others. Understanding the nature of the charges helps individuals prepare for the legal battle ahead.

Your Legal Rights and Protections

The Fifth Amendment protects against self-incrimination, and the Sixth Amendment guarantees the right to an attorney. This manual outlines how these rights apply during interrogations, searches, and arrests by federal agents.

Working with an Attorney

Having an experienced federal criminal defense lawyer can dramatically influence the outcome. The manual guides readers on selecting a qualified attorney and the typical defense strategies employed in federal cases.

Consequences and Sentencing

Federal convictions often carry harsher penalties than state charges, including longer prison sentences and higher fines. This section details the federal sentencing guidelines and how factors like cooperation with authorities may impact sentences.

Steps to Take If You Are Under Investigation
