## **Best Times to Find Cheap Flights**

Timing is crucial when booking cheap flights. Generally, the shoulder seasons – spring (March to May) and fall (September to November) – offer the most affordable fares. During these periods, airlines reduce prices to attract more customers as demand dips. Additionally, mid-week flights tend to be cheaper than weekend departures.

## **Airlines to Watch**

Several airlines operate routes between Seattle and Europe, including both full-service carriers and low-cost airlines.
