This edition encompasses a broad array of question types, notably text completion, sentence equivalence, and reading comprehension. Each type tests distinct cognitive abilities: vocabulary knowledge, contextual reasoning, inferential thinking, and critical analysis. The inclusion of detailed answer explanations supports metacognitive learning, helping test takers not only recognize the correct answers but understand the underlying principles.

Causes for Changes in the Second Edition

Several factors prompted the revision and release of the second edition. Changes in academic language trends, feedback from educators and test candidates, and the need to reflect contemporary linguistic nuances necessitated updates.
