### The Structure of Our Parliament

The Indian Parliament is bicameral, consisting of two houses: the Lok Sabha (House of the People) and the Rajya Sabha (Council of States). Kashyap's work meticulously outlines the roles and functions of these houses, providing a clear understanding of how they operate and interact. The Lok Sabha, with its members directly elected by the people, is the lower house, while the Rajya Sabha, composed of members elected by state and territorial legislatures, serves as the upper house.

### Key Functions of the Parliament

Our Parliament, as explained by Kashyap, performs several critical functions that are essential for the smooth functioning of the democratic system. These include:

- Legislation:** The primary function of the Parliament is to enact laws. This involves the introduction, debate, and passage of bills that become acts once they receive the President's assent.
- Representation:** The Parliament serves as a platform for the representation of the people. Members of Parliament (MPs) represent the interests and concerns of their constituencies, ensuring that diverse voices are heard.
- Oversight:** The Parliament exercises control over the executive branch of the government. This includes scrutinizing the actions and policies of the government, ensuring accountability and transparency.
- Financial Control:** The Parliament plays a crucial role in the allocation and management of public funds. It approves the annual budget and ensures that public expenditure is in line with national priorities.

### The Legislative Process

Kashyap's work provides a detailed explanation of the legislative process in India. From the introduction of a bill to its passage and enactment, the process involves several stages, including:

- Introduction:** A bill can be introduced in either house of the Parliament, depending on its nature and the

discretion of the government.

2. **First Reading:** The bill is presented to the house, and a general debate ensues. This stage provides an overview of the bill's objectives and provisions.
3. **Committee Stage:** The bill is referred to a committee for detailed scrutiny. The committee may suggest amendments and report back to the house.
4. **Second Reading:** The bill is debated clause by clause, and amendments may be proposed and voted upon.
5. **Third Reading:** A final debate on the bill takes place, and if it is passed, it is sent to the other house for consideration.
6. **Presidential Assent:** Once both houses have passed the bill, it is presented to the President for assent. Upon receiving the President's assent, the bill becomes an act of Parliament.

4. **Voting:** The opposition votes on bills and motions, often playing a crucial role in their passage or rejection.

## Challenges and Reforms
