The Basics of Uno

Uno is a shedding-type card game that is usually played with two to ten players. The objective of the game is to be the first player to get rid of all the cards in your hand. The game uses a specially printed deck of Uno cards, which include numbered cards, action cards, and wild cards.

Each player is dealt seven cards, and the remaining cards form a draw pile. The top card of the draw pile is turned over to start a discard pile. Players take turns matching a card in their hand with the current card shown on the top of the discard pile by number, color, or symbol. If a player cannot make a match, they must draw a card from the draw pile. Special action cards like Skip, Reverse, and Draw Two add excitement and strategy to the game.
