Strategies for Solving Wordle Puzzles

Wordle can be both fun and frustrating, but with the right strategies, you can improve your chances of solving each day's puzzle. Here are some tips to help you become a Wordle master:

1. Start with Common Letters

Beginning with words that contain common vowels and consonants can give you a head start. Words like 'CRANE,' 'ADIEU,' and 'SLATE' are popular choices among Wordle enthusiasts.

2. Use Process of Elimination

As you make guesses, pay attention to the feedback provided by Wordle. The game will indicate which letters are correct and in the right position, which letters are correct but in the wrong position, and which letters are not in the word at all. Use this information to narrow down your options.

3. Think About Word Patterns
