Over time, these highlights and annotations turn Textbook Of Optics By Brijlal And Subramanyam into an interactive learning resource rather than passive reading material.

Adjusting screen settings plays a crucial role in reading comfort. Most reading apps allow you to customize font size, font style, line spacing, and background color. Increasing font size and line spacing can reduce eye strain, while using dark mode or sepia backgrounds may improve readability in low-light environments. Adjusting screen brightness to match ambient lighting further enhances comfort and protects eye health during long reading sessions.

Creating a focused reading environment

A distraction-free environment improves reading efficiency and enjoyment. When reading *Textbook Of Optics By Brijlal And Subramanyam*, try to minimize notifications from messaging apps or social media. Many devices offer “focus mode” or “do not disturb” settings that help maintain concentration.
