An investigative look at the dictionary reveals a complex interplay between lexicography, societal change, and technology.

Historical Context and Development

The origins of the Oxford Dictionary trace back to the late 19th century, with the ambitious project to compile a comprehensive English language dictionary led by the Philological Society. Lexicographical Approach and Editorial Challenges

At its core, the Oxford Dictionary employs a descriptive rather than prescriptive lexicographical approach, aiming to reflect actual language use rather than enforce rules.
