The Need for Realistic Visualizations

Traditional packaging design involves multiple stages, including conceptual sketches, prototype manufacturing, and extensive photo shoots. These processes can be time-consuming and costly. Digital mockups, particularly pill bottle mockups on Canva, offer a cost-effective alternative that allows stakeholders to preview designs in a realistic context without physical prototypes.

Canva's Position in the Design Ecosystem

Canva's cloud-based platform combines ease of use with a broad range of templates and design elements.
